"Can't we just get rid of wine lists? Do we really have to be reminded every time we go out to a nice restuarant that we have no idea what we are doing? Why don't they just give us a trigonometry quiz with the menu?"

There is much to be said about bottles in large format. These fun-sized containers of wine are named after biblical kings such as the *Salmanazar*, named after an Assyrian ruler from the 700's. The *Salmanazar* is a 9 liter bottle equal to 12 bottles; a full case of wine! A quote many have recited in regards to big bottles is, "A magnum is the perfect size bottle for two people out to dinner if only one person is drinking." Enjoy!

Burgundy, located in North-Eastern France, holds some of the most famous vineyards in the world. These lands were once tilled by Cistercian Monks for religious sacrament. The historic monarch Charlemagne helped raise the region to fame. Burgundy vineyards were later fragmented by Napoleon III following the French Revolution. With this rich history and famed terroir, world class wine making has become known to fans of wine. Please enjoy a selection of rare bottlings from some of the stars of Burgundy.

These wines are white varieties fermented in the same or similar method to red wine; the grape juice has prolonged "contact" with the skins from which they are pressed. The process captures flavors otherwise lost in traditional white wine production. The process makes these wines complex and versatile. Please enjoy!

In the right environment and care of a vigneron (wine maker), Pinot Noir's transparency expresses the diversity of lands where the grape flourishes. Pinot Noir is the parent grape of Chardonnay, Aligote and Gamay. Pinot Grigio and Pinot Blanc are mutated versions of this ancient variety; roughly 2000 years old. Despite the many faces of the wine in glass there's a beauty that can only be from one distinct grape. Inhale deep and sip slow and please enjoy our collection of Pinot Noir.
